then adjourned until Friday morning, when the hearing of testimony will begin. From an authentic source it was learned to-day that attorneys for Miss Morrison have about agreed upon a plan to abandon the pica of self-defense.

The plan proposed as a substitute is to have Miss Morrison go upon the stand and have Miss Morrison go upon the stand and testify in her own behalf, telling in detail the story of her relations with Castle.

The plan under consideration is to have her acknowledge freely the full story of her love for Castle; to have her testify that she placed confidence in him, and that she trusted him to a further extent than she would have done had she known he may refer to marry Clara Wiley. she would have done had she known he was going to marry Clara Wlley.

It is believed by her counsel that if Miss Morrison tells frankly the story of a wronged woman the jury will pity her wrongs and consider that she had provoca-

tion for the act.

It is suggested that part of the story of the defense will be that Jesse Morrison was called into the Castle home by Mrs. Castle in the morning of June 22, and that she was taunted beyond endurance concerning her relations with Castle and the triumph Clara tion for the act. Wiley made in getting Castle away from Jessie. It is claimed that the circumstances were such that these taunts drove her be-

yond human endurance.

The idea now advanced is that Jessie's full story is stronger than a mere self-defense plea, and that if Miss Morrison, on the stand, unbosoms her heart's secrets, it may appeal more strongly to the jurors' sympathy.

Washington, Nov. 28.—Ali Ferrough Bey, the Turkish Minister here, called on Secretary, Hay to-day relative to the visit of the big battleship kentucky to Turkish waters, reported now to be at Smyrma.

After his talk with Secretary Hay the Minister declared that the Kentucky's visit conveyed no menace and that it had no bearing upon the diplomatic relations between the Turkish Government and the United States.

the Tarkish Government and the United States.

Inquiry at the State Department and Navy Department to-day as to the Kentucky's mission elicited the simple statement that the visit of the battleship to Smyrna had no hostile significance.

Meanwhile it is understood that the negotiations between Mr. Griscom, our Charge at Constraintiople, and the Porte, for the settlement of the mizsionary claims and the question as to Doctor Norton's exequatur as Consul at Harpoot, are progressing with indications that a compromise will be arranged. ranged.

Invitation for Sultan. Under instructions sent him by Secretary Long, Captain Chester, commanding the Kentucky, will formally invite the Sultan Long. Captain Chester, commanding the Kentucky, will formally invite the Sultan of Turkey to visit the American battleship. It is believed that the acceptance of the invitation would give the Sultan an opportunity to obtain an idea of the formidable character of the later battleships of the American Navy.

The Navy Department has given no further orders to the Kentucky.

The department has received a letter from Captain Chester of the Kentucky, malled from Gibraltar, telling of a storm which the ship passed through on the Atlantic, and the opportunity it afforded of testing the seagoing qualities of the big battleship.

The storm arcse on the 30th inst. and raged that day and the next. The waves tore away the starboard lifeboat and bent it to pieces. This was the only mishap, Captain Chester says, that throughout the storm the battleship behaved beautifully and showed excellent seaworthy qualities,

MAY GIVE TWO CONCERTS.

Negotiations Pending With the Theodore Thomas Orchestra.

The Theodore Thomas Orchestra probably will give two concerts in St. Louis at the Odeon on the evenings of January 4 and 5. Negotiations are now being carried on with the manager of the orchestra by members of the St. Louis Club, who believe that concerts by the Thomas Orchestra will stimulate interest in music in St. Louis.

The men who are making arrangements for bringing the orchestra to St. Louis are so confident that their plans will be successfully curried out that they have already engaged the Odeon for the two concerts. Frank L. Ridgely and Ellis Wainwright are the promoters of the scheme, and many of the members of the St. Louis Club have interested themselves in the project, to the extent of pleiging themselves to contribute a certain amount of money toward making up the guarantee required by the orchestra. Before 10 o'clock last night nearly fifty club members had signed the subscription list.

DEATH OF SISTER JOSEPHINE.

Member of St. Vincent's Order for Forty Years.

Death relieved the sufferings of Sister Josephine of St. Vincent's Institution, St. Louis County, where she had been an in-valid for the last fifteen years. She died early Tuesday morning and the funeral was held yesterday morning from the chapel of that institution. The body was buried in Calvary Cemetery. The funeral services were conducted by the Reverend Father

She had been in the order for about forty years, and came to St. Louis nearly twenty years ago from Detroit. Prior to that time she had been engaged almost altogether in mission work. About fifteen years ago a cancer developed in her eye, destroying her sight, and since that time she had been an invalid. For the last two years she had been confined to her bed.
